disruptive learning experience

We rethink, redesign, and deliver
Strategic Consulting Solutions
and Signature Executive Seminars
to empower your business and your people.

STRATEGIZE. LEARN. TRANSFORM.

About us

Based in Paris and operating across Europe and MENA, KNSLT is a **boutique consulting agency** dedicated to rethinking, redesigning, and delivering disruptive corporate learning experiences.

Through our consulting services, we support companies in developing new strategic plans, and we go one step further by equipping their top leaders with the capabilities to drive implementation through targeted executive seminars.

We deliver impact across three critical areas: Strategic Planning, Entrepreneurial Thinking, and Innovation Tactics.

What we bring to your transformation

Strategic Consulting Solutions

Co-designing the future of your organization.

Signature Executive Seminars

Action-oriented sessions that empower leaders to move beyond theory and drive real impact.

Mindshift Bootcamps

High-energy programs that sharpen strategic thinking and accelerate business development results.

International Learning Expeditions

Inspiring journeys across Europe that blend professional development with immersive exploration.

Our values

Guided by co-creation, excellence, innovation, and passion, we partner with leading companies and high-growth startups to craft tailored solutions that deliver meaningful impact.

We empower today's executives with the mindsets, skills, and strategies to lead innovation and accelerate growth.

Contact us

Strategic Consulting Solutions

We offer tailored and collaborative consulting solutions to established companies and high-growth startups in Strategic Planning, Business Planning, Project Management, and Innovation Marketing.

Unleashing innovation and accelerating growth with our five-step consulting process:

- 1. DISCOVER:** We collaborate closely with your team to analyze your company's strategy, market context, and operational landscape. Through data gathering sessions, interviews, and gap analyses, we **co-identify** the critical areas that require attention and improvement. This shared understanding lays the groundwork for meaningful and aligned change.
- 2. DEFINE:** Together, we frame the challenges and opportunities, determine the required level of change, and **co-create** a vision canvas reflecting strategic priorities and your team's aspirations.
- 3. DESIGN:** Through **collaborative workshops** (brainstorming, designing, and prototyping), we co-develop tailored, visionary, and practical solutions aligned with your company's unique goals.
- 4. DEVELOP:** Once the solution direction is validated, we **jointly** develop an integrated business development plan, including a deployment roadmap that ensures smooth execution. This empowers a seamless transition from concept to implementation with clarity and confidence.
- 5. DELIVER:** In the final phase, we summarize the project, present key outcomes and key performance indicators (KPIs), and provide insights that support sustainable long-term **success**.

Signature Executive Seminars

Discover leadership insights and strategies that empower today's executives for tomorrow's challenges. Explore our signature seminars below, with the full catalog available on our website. All seminars can be tailored to your company's needs.

Innovation Leadership:

Learn how to launch, scale, and transform bold ideas into market impact.

A three-day high-impact seminar for change-makers ready to challenge convention, we guide participants from inspiration to execution through hands-on canvases to build an entrepreneurial mindset, spark innovation, and drive business growth.

Envision. Create. Scale.

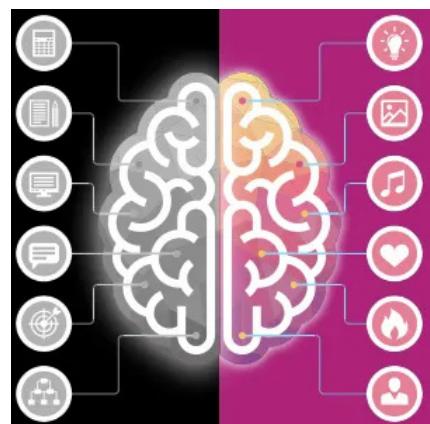

Mastering Design Thinking:

Lead with empathy as you apply creativity and a structured process to solve challenges with real-world solutions.

A two-day hands-on seminar that combines empathy and imagination. Through immersive exercises, participants will learn how to blend creativity and strategy to design user-centered solutions, accelerate testing, and bring visionary ideas to life.

Empathize. Imagine. Prototype. Transform.

Empowering Business with AI:

Turn data into action. Turn potential into performance.

A three-day forward-thinking seminar that enables leaders to transform intelligence into tangible impact. Participants learn how to identify AI opportunities, design, and implement data-driven strategies, and integrate innovations that accelerate performance, foster cross-team collaboration, and create organizational value.

Understand. Apply. Transform.

Elevating the Employee Value Proposition:

Craft inspiring strategies to attract, engage, and retain talent.

A two-day strategic seminar that equips leaders to craft compelling experiences that resonate with top talent, align culture with business goals, and foster engagement, loyalty, and retention. Our frameworks provide actionable insights to make your organization a workplace of choice.

Attract. Engage. Retain.

Our esteemed clients

Organizations we have partnered with for strategic consulting solutions or executive seminars include the following, in addition, we support **consulting partners** through high-impact, white-label expertise and solutions, and we deliver advanced seminars in critical management disciplines to **leading business schools**.

Voices of our clients

*"With his mastery and dynamic style, Antoine made complex concepts accessible and energized our team to elevate our customer experience." **HOLMED GROUP**.*

*"Motivational and innovative training delivered with passion, respect, good humor and 100% commitment. Always a pleasure to work with." **UNIVERSITY OF SOUTH WALES**.*

*"Antoine is a Design Thinking artist, offering immersive and highly-curated leadership programs that inspire innovation, fresh perspectives, and transformative growth for executives." **RAIBAL HOLDING CEO**.*

*"The trainer's engaging approach, generosity, and dedication made it exceptionally valuable and perfectly adapted to our executive training needs." **NOVALAC CEO**.*

*"Antoine's expertise, positivity, and dedication greatly our work. After 12 years of attending annual corporate training courses, this Business Planning seminar stands out as the best experience by far." **VP of Beauty, KSA**.*

Innovation strategist

"Building on years of experience as an MBA academic director, world-class business school professor, corporate trainer, and entrepreneur mentor, I founded KNSLT, a curated network of consultants and speakers reimaging a disruptive learning experience.

We craft bespoke, collaborative consulting solutions and executive seminars that empower our clients to innovate with confidence, accelerate growth, and achieve lasting impact.

Whether you are looking to collaborate, exchange ideas, or explore ways to grow your organization or executive education programs, feel free to reach out. I am always open to meaningful conversations and new opportunities."
